

Welcome to the Yachting Society

Publié le jeudi 5 novembre 2015 14:12

The Yachting Society, made up of two sections **Sailing** and **Scuba Diving**, offers its members a wide variety of marine and sub-marine activities. In the Sailing section, we offer training sessions and participation in regattas on light and lively boats, week-end or weeklong cruises in France or abroad, catamaran and dinghy sailing activities through partnership with La Ganguise. The Scuba Diving section offers week-end outings in France and Spain, a one-week trip to an island, and a whole range of certification courses for beginners or advanced divers, to become an instructor or to discover new skills. We always look forward to these activities, in the full respect of our planet and of safety rules.
